

# Advanced Photography 2008

## “*Inspiration*”

Are you serious about your photography? Do you see yourself as an artist who uses a camera? It's OK to struggle creatively... that's what we're here to learn. Do you have a firm grasp on your technique? Perfection is not required, nor encouraged. Mistakes often lead us to deeper and more profound growth. We learn through experimentation, exploration, discussion and collaboration! **Advanced Photography** is all about that! Join us on our journey of creativity and expression, with a group of dedicated photographers who share your passion!

**Inspiration** will lead you to new and exciting avenues of creativity. The study of famous photographers, your work, the group's efforts and the instructor's leadership will take you to new places. Move beyond the f-stop and shutter speed to “why we respond” visually and emotionally to specific images. Learn through inspiring lectures, guest speakers, challenging assignments and critical review of your work. Participants will be encouraged to adopt a year-long photo project. Film and digital photographers welcome!

**Annual Membership Recommended!** \$250 for the entire year. Get the best deal and most from the class by attending each month. Make a commitment and succeed! Good for this calendar year.

**Individual lesson.** \$30 for each class. Sign up for as many classes as interest you!

**Single Session.** \$100 for each 4-class session.
