

Inspirational Images

#420- An Exploration of Technique – Tuesday evening 7:15 to 9:15pm

Focus your creativity on the study of Light, Camera and Lens techniques

Gain an appreciation for complex photographic techniques thru explanations and demonstrations

Create images that you never dreamed possible through...

- Inspirational instruction that will “teach you how” to make great pictures
- Challenging assignments that will get you out practicing the techniques
- Constructive critiques to provide you with the insight to thrive

Creative Vision

#440- Your Muse - Thursday evenings 7:15 to 9:15pm

What motivates you to photograph creatively? How do you find the spark and use it in your photography. The year features an examination of your personal artistic inspiration and it's application and illumination of the creative process. Creative Vision will help you continue your growth as a creative photographer in twelve monthly lessons through...

- Interactive print presentations
- Inspirational discussion of the creative photographic process
- Focus on your photography through a challenging personal photographic project
- Personal coaching and development
