

Botswana Photo Safari 2009

May 3 – 16, 2009

You are invited to join Mark Comon for an exciting Safari to Southern Africa. African Travel will provide the ideal safari, tailored to our exact specifications to provide a truly memorable experience and put us in position to make some breathtaking photographs and memories! We are staying in fantastic accommodations and eating amazing meals... all while in the bush listening to the lions roar and hippos romp! We'll ride in customized safari vehicles (four or five photographers per vehicle instead of the usual nine people) to insure great photo and visual opportunities for every one.

Botswana is a land of rivers and desert intertwined. Wildlife and topography are unique in the world...as will be our safari. Our safari offers the opportunity to capture the big game animals, colorful birds and local people in true "National Geographic" style while enjoying the company of good friends and fantastic photographers. We will explore the unique Botswana eco system and capture all the photo ops involving predator and prey. Two game drives each day (some days in boats!) and Mark's personal attention will assure your success and enjoyment. Don't miss it... register today!
