You are invited to experience the Eastern Sierra Photo Adventure. Dramatic weather, wonderful scenery, fantastic locations, and good friends make for a grand weekend. Mark Comon from Paul's Photo has planned four days filled with landscape and scenic photography. Learn to produce great scenic images by expanding your artistic vision and imagination and applying the rules of exposure and composition. Great images and good times will be had by all. Each day provides a balance of photo opportunities, and free time.

The Eastern Sierra is a location of vast contrast: towering granite peaks with rushing waters and a desert valley with great historical importance and photographic interest. Witness the golden light of sunrise on the Minarets and sunset on Mono Lake. Shoot the drama of the early snows whistling thru Bodie. Capture the aspen glow as the fall colors explode in the Sierra canyons. Great photographs are at every turn!

### **Proposed Locations.**

Lee Vining Canyon and June Lake Loop.

Mono Lake

Bodie Ghost Town
